

**CITY TRANSFER
AND STORAGE**

Celebrating a Century of Worldwide Transportation Excellence

City Transfer and Storage has been moving businesses and families for over 100 years and through the company's affiliation with Atlas Van Lines, it's able work anywhere in the world. As one of the 61 stockholding agents that owns and operates Atlas Van Lines, City Transfer and Storage has the resources for seamless moves throughout the United States and to or from any country.

Businesses that move with City Transfer and Storage find that every detail is well-orchestrated so equipment, furnishing, inventory and records are carefully cared for, delivered and placed in the new facility where they need to be. The company's crane and rigging services facilitate relocation and placement of large pieces of equipment.

Among the services offered are:

Facility & Office Moves

Crating & Packing

Warehouse Storage & Distribution

Trade Show Logistics

Crane & Rigging

Records Management

Document Destruction

Household Goods Relocation

HomePak™ storage

Although many companies choose City Transfer and Storage for turnkey packing and moving services, they have the versatility to receive, warehouse and distribute products and manage trade show logistics for displays and support materials. Items may be crated and stored in their warehouses. Records can also be retained at a City Transfer and Storage warehouse, made available when needed and safely destroyed when they do not need to be retained any longer.

Those who need to move an office, warehouse, manufacturing facilities, employees or their household, will find that City Transfer and Storage - Atlas Van Lines has everything needed to get the job done well.
