Erin Kivela Designs, LLC
Interior Design Solutions

Whether your home is a house, condo, loft, studio, vacation home, town home or an apartment, well-done interior design often makes the difference between a place to live and a comfortable *home*. A professional interior designer can work with furniture and home décor items you already own and/or new

furnishings to create the kind of space you enjoy living in. Good design encompasses everything from the functionality you need in your home to your preferred colors & styles to accommodating the needs of other family members – including pets!

Erin Kivela specializes in using your existing furniture & accessories to create a home you enjoy. She also has access to all the resources a home could need – from furniture, upholstery, lighting and accessories to floor coverings, window treatments and wall treatments. Her ability to visualize allows her put together rooms that fit your style preferences and work for you and your family.

Among the design services Erin offers are comprehensive design services for clients who wish to re-do an entire house or just a room. She also will work with existing furnishings, go shopping with/for clients, coordinate window treatments, flooring, paint or wall treatment colors, fabrics – anything your home needs.

Clients who are preparing to sell their homes find that Erin Kivela is an excellent resource, and can arrange furniture so that a home is presented in its best light. And for those who love a beautifully decorated home for the holidays or a special event but don't have the time to decorate, Erin Kivela Designs will beautifully handle the decorating details.
